Children's Chapel - Steady progress is being made on the Children's Chapel and we are working to have it available for families to use in the next month or so. Our next efforts involve painting the new wall and the interior of the chapel. If you would like to help paint the chapel please leave your name with Chris Neitsch, Frank Thede or the Trinity office. To date we have received almost $7000 towards completion of this project. This provides sufficient funds to cover the cost of the construction but we are still in need of additional funding to help us properly furnish the space. To support this project please designate your contribution for the "Children's Chapel Appeal". Thanks for your support

The Mitten Tree

We will once again have our Mitten Tree up to collect mitts, scarfs, hats and gloves for those in need. They will be delivered to the Bissell center or to the Strathcona van before Christmas.

Vision - Germany/France 2009, 112 min
Dir: Margarethe von Trotta
Vision is profoundly inspirational portrait of famed 12th-century nun Hildegard von Bingen. Christian mystic, composer, philosopher, playwright, poet, naturalist, scientist, physician, herbalist, ecological activist – Bingen was one the most important inspirational and visionary female leaders of the Medieval age, responsible for bringing European women out of the darkness and into the modern era of science and enlightenment. The film is a portrayal of an original woman whose grand claims often ran counter to the patriarchal world around her.
